From the President

Carlin Malicki

Junior, Industrial Management
From South Bend, Indiana

Greetings Phi Beta Chi - Beta Chapter Alum, friends, and family! Welcome to the latest reincarnation of our Beta Buzz Newsletter. My name is Carlin Malicki, current Chapter President of Beta. I joined Phi Beta Chi the first semester of my freshman year. As the daughter of a Beta Chapter Alum there was no other house on campus for me. And although my mom's affiliation may have drawn me to the sorority, being a part of it has become one of the best decisions of my college career. I not only have a large group of sisters who are there for me no matter what, but I have found my closest friends in this sorority. The 1st Gift of Beta Chapter.

Membership in Beta Chapter has also given my Sisters and I the opportunity to assume leadership positions and to grow and develop in these roles. I have had the opportunity to serve as the Financial Director my Freshman year, Vice President my sophomore year and now as President. All of these positions have given me invaluable leadership and individual skills, from team building, to group dynamics, to conflict resolution. I couldn't have asked for a better group of women to work with and learn from in the last three years. The 2nd gift of Beta.

Beta Chapter continues to be a small but mighty presence on the Purdue campus. We currently have 17 active sisters and an incoming pledge class of 6. I, along with the rest of our members, am excited for future recruitment seasons as we try to expand the size of our Chapter and add more wonderful women to our sisterhood. The 3rd Gift.

Our Chapter continues to celebrate our Lutheran Heritage. We are currently associated with Our Savior Lutheran Church with Pastor Mike serving as our Pastoral Advisor. We are very grateful that the members and staff of Our Savior allow us to hold our meetings and activities at the church. With no formal house, the Church acts as our "Center of Operations". Although we do not currently have a formal house, it does not hinder our sorority as the majority of our members enjoy having the opportunity to live in a dorm or an apartment on and off campus. Several of our Sisters have chosen to move into apartments together and have created several small informal Phi Beta Chi houses. The 4th Gift of Beta Chapter.

I am excited to announce and participate in this revamp of our Beta Chapter newsletter. You can look forward to more frequent updates about your sorority because Phi Beta Chi truly is "Yours for a Lifetime", Beta's 5th Gift.

AVVIX,
Carlin Malicki

Recruitment

This semester we have had great success with our Continuous Open Bidding efforts. We have six Associate Members finishing up education and about to be activated. This amount greatly exceeds the numbers of new members we have had during recent past spring semesters. We are very excited to be welcoming these girls to our sisterhood! We would like to thank our Director of Membership Joanna Udrasols and our Director of Education Lexi Rozycki for all of their hard work!

Lexi notes, "This semester I have had the honor of being New Member Educator for six new amazing associate members! These ladies have really exhibited the values of Phi Beta Chi through their hard work, positive attitudes, and selfless natures. For their community project, the girls made numerous home baked good at our New Member Retreat and delivered them to the First Responders on Purdue Campus. They take on every challenge with excitement and embody what it means to be a lady of Phi Beta Chi. Very soon they will become active members and I cannot wait to see them grow throughout the next year." A big congratulation to all of our incoming new members!

Philanthropy

This past semester we have been very focused on giving back to our amazing philanthropies. We raised money for Bethesda through fundraising with Chipotle. Along with giving back monetarily to Bethesda, we also love

crafting and sending cards to them for various holidays. As a sorority we also love to give back to the local community through volunteering. As a chapter we volunteered over 100 hours during the Fall 2019 semester. We believe that giving back is one of the most important things we can do to improve the community around us. Our current sisters especially enjoy working with animals, and put in many hours at Natalie's and Almost Home, two local animal shelters. Our Community Project for this spring semester is Relay for Life. Each of our members is fundraising for the cause, and we will all be going to the event to walk and participate. Additionally, we are helping raise additional funds by setting up a booth to sell tacos during the event. We believe this is a great cause and an organization we are proud to help.

Support our Chapter

As a chapter we are firm believers that once you are a sister of Phi Beta Chi, we are yours for a lifetime. The bond formed between us is eternal and we are forever grateful for all our amazing traditions, and hopeful for our future. In addition, we are very grateful for the friends and family supporting all of our sisters during their time with Phi Beta Chi.

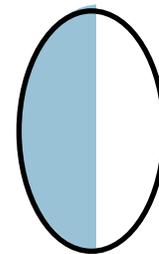

We are reaching out to you to ask for help expanding our chapter. We need your financial support in order to participate further in continuous open bidding in order to obtain larger new member classes. We have a goal of \$1,500 to reach for the upcoming 2019 –2020 school year. We raised \$105 internally this semester to go towards this goal. This upcoming summer, we turn to you for further support. We will be hosting a crowdfunding campaign this summer. Please keep an eye on our social media pages for the announcement, and more information to come. Please consider helping support our chapter's future efforts.

We are truly grateful for all the past support and the traditions we share. Please help us build the future of Beta chapter as we move into future recruitment seasons.
